

Are you a European Trainee?

Do you dare to test your skills in open surgery?

Join the ETC!!!!!!

EUROPEAN TRAINEE CONTEST

During the National Congress of SEACV in Málaga

25

It is a recognized international contest on behalf of the EVST, ESVS and SEACV

Each team will have one senior trainee (fourth/fifth year) and one junior trainee (first/second/third year), and they can be from the same center or from different centers. The contest will have two rounds:

- **Preselection:** 12 pairs of candidates, split into two groups will perform a bypass on PAD model.

1st round: 08:00-9:30

2nd round: 10:00-11:30

Then the jury will select the best four that will pass to the final contest

- **Final:** four final teams will perform a carotid endarterectomy with patch using a shunt with the carotid model with flow simulation.

Final session: 15:30-17:30

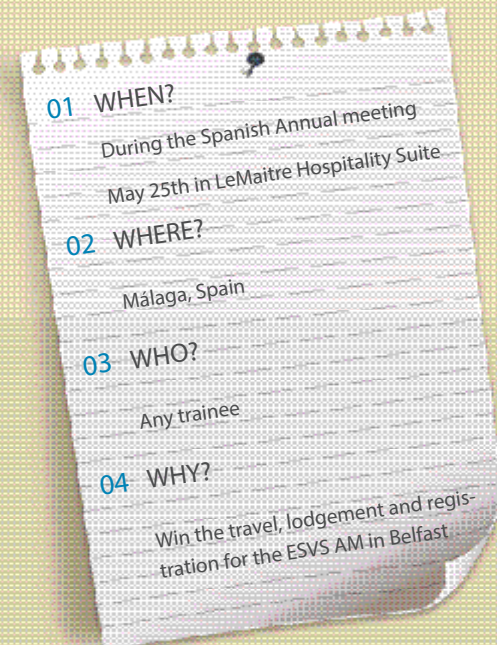

Afterwards, the jury will select the best-performed procedure including shunt implantation, endarterectomy, and patch suture.

The winning pair will receive an invitation to ESVS AM in Belfast (travel, lodgement and registration).

The prize will be given during the closing ceremony.

YOU CAN'T MISS IT!

Once you have completed the survey, please send an application mail to Maria Unzué (m.unzue@torrespardo.com). If you want to compete with your fellow trainee, please let her/him know about this, fill out the survey together and specify in email the name of your team
